NATASA ICONOMOU

STUDENT

03 MAY 2023

Im curently looking for a LIA internship for fall, LIA 1: 2023-10-16 to 2023-12-24 and LIA 2: 2024-02-05 to 2024-05-19, either a front-end or a back-end position. I´m studying at Medieinstitutet, Web development in e-commerce and alongside I have been taking courses on LinkedIn Learning and Udemy to furthermore sharpen my skills, for me to become the best developer possible.

My philosophy has always been one of transparency- transparency of message and art direction. To achieve a vision requires the discipline of restraint. Self-editing, non-stop learning and humility are key to my practice. My motivation, energy, and willingness to learn will make me a strong candidate for the team and later in work. I have a great drive for learning and that will make me a good asset to the workforce.

Thank you for your time and consideration. Looking forward hearing from you.
